TOWNE TALKE

"Just for Fun"

By RAS BERRY

I have been away for 1 mo. and I can't never gonna go away again because every time I go away a lot of awful things happen.

The banks decided they wouldn't open up until 10 o'clock. And with so many holidays on which they close up on why it is getting so a guy which wants to borrow any money has got to catch them on the fly or sneak up on them in the middle of the nt.

The reason why they decided to open up 1 hr. later, they told me is that W. Post is gonna move into a 3 story house and it will take him an extra hour to get to work because he lives so much farther away from his office.

But that ain't all that happened. A parachute jumper by the name of McClellan proved to be a complete washout and if it wasn't for another guy by the name of McClellan which run for supervisor why the McClellan clan would sure be a flop.

This parachute guy named McClellan is named Heard McClellan and all I can say is that I guess he don't know that parachute booze should be seen and not heard.

Well while I was away they up and had a election throughout the country and now the boys is saying Hoover heard of Smith.

I don't regard the outcome of the election as no catastrophe but I do understand that Mrs. John Dennis says she is glad it is over so John can stay home nights once in a while.

Everything that happened while I was away was not so bad. For instance while I was away Sam Levy broke ground for several new bldgs. and it begins to look like Sam has decided this here town is gonna be built up if he has to do it his self.

The county says it has located where the mosquitoes comes from. The Gen'l Pete has broke ground for their new refinery which The Lawndale papers say is in Lawndale.

So everything is sitting pretty and there won't be nothing more needed to be done if the city plants them trees out in the Cedar ave. list.

They is a lotta birds around town which has of late been robbing Peter to pay Paul, I know six guys who bet on Stanford and Hoover.

Carl Hyde is back in town after managing a political campaign and while he was managing that campaign he was driving a old Ford around and about and one night a big wind come up and tore the top right off of that Ford sedan and Carl said with all them political speeches being made around the
